

Welcome to the Georgia & South Carolina Bulls Soccer Club.

The GA-SC Bulls Soccer Club is the new creation formed by the partnering of the renamed Columbia County Patriots, the North Augusta Kicks, and Aiken area soccer members, all under the Bulls banner. The GA-SC Bulls will look to be the newest branch of the highly successful Honolulu Bulls Soccer Club and bring the same proven programs to the soccer community of the Central Savannah River Area. (CSRA). The Columbia County Patriots were officially renamed to the GA-SC Bulls by the Georgia State Soccer Association (GSSA) on Thursday, May 22nd 2008 and were unanimously accepted by the GSSA for affiliation for the 2008-2009 Season. We will not forget the commitment of those founding members who created the North Augusta Kicks, Columbia County Patriots Soccer Club, and the Aiken Soccer area membership as we step forward into our club's future success. For all these things and all the hard work of these club members we are truly grateful. Who would have ever envisioned Soccer Complex's of the likes of Blanchard Woods & Hammonds Ferry some 12 years ago? What an excellent soccer venue for our youth and we see the fingerprints of the area Soccer Club's as they played a major role in these park's establishment.

Along with this changing of names, the Patriots are partnering with the North Augusta Soccer Club and the Aiken Soccer area membership for the betterment of our youth players in the CSRA. Local agencies, like the CSRA Red Cross, are also partnering with our border State of South Carolina to leverage resources and to provide quality service for the CSRA area. We too realize how unique of an area we live in and how this partnership helps us share our common values and passion for the game of soccer. Our goals are simple. We simply want to do what is best for our youth players and provide the programs that mirror the talent of our players in the CSRA.

The three partnering local clubs, as well as our local, county, and state agencies, all agree that this certainly will enhance the game in the area as well as on a regional and national level.

Finally, the GA-SC Bulls and its merging South Carolina partners are committed to following all the guidelines that lead to a proper organization, especially with regards to the GYSA and SCYSA rules and regulations. One of our goals is to be a model club in our CSRA community and beyond. It is imperative that we get their direction to do so. We certainly realize we need all the expertise, help, and advice we can get from those that govern the game in both Georgia and South Carolina.

Please feel free to contact me or our staff members concerning anything that can help us accomplish our mission for our youth in the CSRA. You can use the comment block on this site for easy submission.

Sincerely,

Eric R. Gladman

President, GA-SC Bulls Soccer Club
